

AFFILIATE PARTNER PROGRAM

Master Terms and Conditions

Governing the Vegaz Casino, Kryptosino, Horus Casino and Haz Casino Affiliate Programs

Version Date: 20.07.2026

1. About This Agreement and the Group

1.1 Who We Are

This document (the “Agreement”) is published by Moonseeker SRL, a company incorporated under the laws of Costa Rica (“Moonseeker”, “we”, “us”, or the “Company”). Moonseeker owns and/or operates the following online gaming brands, each with its own affiliate program (each a “Program” and, together, the “Programs”):

- Vegaz Casino — www.vegazcasino.com
- Kryptosino — www.kryptosino.com
- Horus Casino — www.horuscasino.com
- Haz Casino — www.hazcasino.com

Each brand above, together with any other domains, mirrors, or successor sites operated in connection with it, is referred to individually as a “Brand Site” and collectively as the “Brand Sites.” This Agreement is the single master framework governing your relationship with Moonseeker as an affiliate partner (“you”, the “Affiliate”, or the “Partner”) across any and all of the Programs to which you are accepted.

1.2 One Agreement, Multiple Brands

You may apply to, and be accepted into, one or more Programs. Enrollment in a given Program is separate — acceptance into the Vegaz Casino Affiliate Program does not automatically enroll you in the Kryptosino, Horus Casino, or Haz Casino Programs, and vice versa. However, the rules, obligations, and standards set out in this Agreement apply uniformly to your participation in every Program you join, unless a Program's brand-specific supplementary terms (see Section 13) expressly state otherwise.

1.3 Acceptance

By applying to any Program, accessing any partner dashboard, activating any Tracking Link, or accepting any Commission payment, you confirm that you have read and agree to every provision of this Agreement and, where applicable, the relevant Program's brand-specific supplementary terms. We may update this Agreement at any time. We will try to notify you of significant changes, but it remains your responsibility to check for updates. Continuing to participate in any Program after changes go live means you accept them.

2. Definitions

- Affiliate / Partner / You: the individual or business registered as a partner in one or more Programs.
- Company / We / Us / Moonseeker: Moonseeker SRL, the Costa Rican entity that owns and/or operates the Brand Sites and administers the Programs.
- Program(s): the Vegaz Casino, Kryptosino, Horus Casino, and/or Haz Casino Affiliate Programs, and all associated rules, tools, and payment structures.

- Partner Account: your account on the relevant affiliate platform, created once your application to a given Program is approved.
- Tracking Links: the unique URLs we provide to direct visitors to a Brand Site.
- Brand Site(s): the domains identified in Section 1.1, together with any mirrors or successor URLs we operate.
- Commission: the money you earn under the Payment Structure agreed for a given Program.
- Payment Structure: the revenue share, CPA, or blended deal communicated to you separately for each Program.
- NGR: Net Gaming Revenue, calculated as set out in Section 6.2.
- New Player: a person who has never held an account with the relevant Brand Site, is not connected to you or your team, and makes a valid first deposit after arriving at the Brand Site through your Tracking Link.
- Our IP: all trademarks, logos, brand names, creative assets, and related intellectual property belonging to Moonseeker or any Brand Site.
- Confidential Information: any non-public information shared with you in the context of any Program.
- Cryptocurrency-Specific Terms: the additional provisions applicable to the Kryptosino Program only, described in Section 13.1, covering deposits and Commission calculations made in digital assets.

3. Your Obligations as a Partner

3.1 Joining a Program

To become a partner, you must complete the relevant application form honestly and in full, and confirm your acceptance of this Agreement. We decide whether to approve applications entirely at our own discretion and are not obliged to explain any decision. We may ask you to provide identity documents, business registration records, bank details, or other KYC/KYB materials at any point. All information you provide must be accurate and kept up to date; providing false or outdated information is a serious breach of this Agreement.

3.2 Keeping Your Account Safe

Your login credentials are your responsibility. You are accountable for everything that happens on your Partner Account, whether or not it was you who did it. If you believe someone else has accessed your account, tell us immediately. We are not responsible for losses caused by credential compromise.

3.3 How You May Promote the Brand Sites

You may only promote a Brand Site through Tracking Links and materials we have provided or approved in writing. You must not modify links, cloak them, or interfere with tracking in any way. New Players have 30 days from clicking your link to register; if they click someone else's link within that window, that link

takes priority. You may not run any Program on behalf of third parties or hand over your Partner Account to anyone else.

3.4 Your Marketing Channels

You are responsible for everything you publish in connection with any Brand Site. All content and campaigns must comply with applicable laws — particularly around advertising, data protection, and consumer rights. You must not publish anything false, misleading, offensive, or likely to cause confusion between your channels and ours.

3.5 Traffic We Will Not Pay For

The categories below are prohibited without exception, across every Program. Any traffic, referral, or activity falling within these definitions shall be deemed non-qualifying and may result in Commission forfeiture, clawback, and/or account termination:

Technical Manipulation & Unauthorized Link/Cookie Activity

- Cookie-stuffing, cookie-dropping, pixel-stuffing, hidden iframes, invisible layers, forced clicks, forced redirects, cloaking, link masking, or any manipulation of referral links, tracking mechanisms, or cookies without the end user's explicit and informed action.
- Deployment or sharing of links intended for use by a single user only.

Automated, Non-Human, or Artificial Traffic

- Use of bots, scripts, crawlers, scraping tools, spiders, automated redirects, auto-refresh tools, or any software or mechanical tool simulating user activity.
- Traffic originating from click farms, proxy networks, VPN abuse, or other non-human or fabricated sources.

Incentivized or Induced Traffic

- Offering or granting any incentive, compensation, rebate, rakeback, refund, cashback, reward, prize, giveaway, or any benefit of monetary or non-monetary value to New Players for registering, depositing, or otherwise engaging with a Brand Site, unless expressly authorized in writing by the Company.

Misleading, Deceptive, or Brand-Abusive Practices

- Domain typosquatting, misleading or deceptive domains, impersonating any Brand, deploying misleading redirects, or using deceptive creative materials or traffic-generation tactics designed to confuse or mislead users.
- Any conduct that causes individuals to unintentionally click ads or complete actions.

Account Manipulation, Bonus Abuse & Collusion

- Creation of duplicate or fake player accounts; self-referrals; use of accounts belonging to the Affiliate or the Affiliate's employees, friends, relatives, or associates.
- Promoting, enabling, or assisting players to exploit bonuses, promotions, or platform vulnerabilities, or colluding with third parties to manipulate activity on any Brand Site.

Payment, Identity, and Financial Misrepresentation

- Use of false, misleading, or stolen personal information, payment cards, identities, documents, or financial details; payment fraud of any kind; or any player initiating a chargeback or refund on their initial or qualifying deposit.

Violation of Brand or Platform Terms

- Creation of accounts in violation of a Brand Site's terms, policies, or applicable legal/regulatory requirements, or any other conduct reasonably interpreted as bad faith toward the Company or any Brand, whether or not it results in measurable damage.

3.6 What We Will Do if You Send Prohibited Traffic

If we decide — and our decision is final — that you have sent or benefited from Prohibited Traffic under any Program, we can, with no advance warning: stop or reverse your Commission payments, shut down your Partner Account(s), void related player accounts, and take legal action to recover losses. We may also report the matter to relevant authorities.

3.7 Traffic Transparency

We can ask you at any time to disclose exactly where your traffic comes from, across any Program. We may require advance sign-off on new traffic sources or require that you stop using specific channels. Not giving us this information promptly is a breach of this Agreement.

3.8 Where You Cannot Place Our Ads

Our materials may not appear on platforms we consider inappropriate, unlawful, adult, or reputationally risky. If we ask you to remove our content from a particular placement, you must do so immediately.

3.9 Using Our Tracking Links

Tracking Links must be displayed at least as prominently as other comparable promotional links on your channel. Use them exactly as provided — no alterations, redirects, or wrappers.

3.10 Email and Direct Messaging

You need our written approval before sending any messages to users that include our branding or promote any Brand Site. Recipients must have opted in under applicable law. Messages must make clear they come from you, not from us.

3.11 Using Our Brands

You may use a Brand's name or marks only in the ways we specifically approve in writing and in line with our brand guidelines. You may not register domains, ad keywords, or social handles that use or imitate any Brand name or other mark we own.

3.12 Ad Creatives

Only use creatives we have given you or signed off in writing. Do not alter the size, colours, copy, or design of any approved material. Keep a record of approvals in case we ask for them.

3.13 Player Incentives

You cannot offer players money back, bonuses, cashback, or any other reward for visiting or playing at any Brand Site. That is our territory. Doing this without our written permission is a serious breach.

3.14 Safer Gambling

We take responsible gambling seriously and expect you to as well. Do not market to anyone under 18 or to anyone displaying signs of gambling problems. Display our responsible gambling messaging wherever we instruct you to.

3.15 Restricted Markets

Do not promote any Brand Site in a country where online gambling is illegal. Running campaigns in the Swedish language or targeting Swedish users is a breach that results in instant termination. The same applies to Dutch-language campaigns and the Netherlands market.

3.16 Privacy and Data

Your websites and campaigns must comply with GDPR and all other applicable privacy laws. You are solely responsible for ensuring you have the right consents in place for any data you collect.

3.17 Costs Are Yours

Every cost involved in promoting a Brand Site — advertising, hosting, design, tools — is yours to bear. We do not reimburse promotional expenses.

3.18 Cooperating with Checks

If we run a compliance check or ask for information about your campaigns for any Program, you must respond fully and promptly. Stalling or refusing to cooperate is a breach.

3.19 Recovering Overpaid Commission

If we discover that Commission was paid based on fraudulent, invalid, or non-qualifying activity, we can reduce or claw it back at any point, across any Program. You must repay any such amounts when we ask.

4. What You Get as a Partner

4.1 Referral Rights

We give you a limited, personal, non-transferable right to refer visitors to the relevant Brand Site(s) through your Tracking Links. This right only covers New Players you genuinely recruit; you have no entitlement to Commission for anyone referred by others.

4.2 Brand Licence

We grant you a limited, revocable licence to use our approved marketing materials during your participation in each Program. This licence does not give you any ownership of Our IP and ends the moment the relevant Program membership ends.

4.3 Player Data

You will not receive access to any player data. Attempting to collect, use, or store player information through your participation in any Program is forbidden.

5. What We Provide

5.1 Tools and Materials

We will do our best to give you the tracking links, creative assets, and information you need to promote each Brand Site you are approved for. We can change, pause, or withdraw any materials at any time.

5.2 Player Qualification and Tracking

We decide who counts as a New Player for each Program. Our platform data is the definitive record for all Commission calculations. We can update, close, or reclassify player accounts at our discretion.

6. How You Earn

6.1 Earning Commission

You earn Commission when a New Player arrives at a Brand Site through your Tracking Link, creates an account, and makes a qualifying deposit. We decide what a qualifying deposit is.

6.2 How NGR Is Calculated

Your Commission is based on Net Gaming Revenue (NGR). We will use one of the two formulas below, depending on your deal for the relevant Program:

Option 1 — Standard NGR:

$$\text{NGR} = \text{Total Bets} - \text{Total Wins} - \text{Bonuses} - \text{Admin Fee}$$

Option 2 — House Edge NGR:

$$\text{NGR} = (\text{Total Bets} - \text{Bonuses} - \text{Admin Fee}) \times \text{House Edge\%} \div 2$$

The Admin Fee is deducted to cover platform, processing, and provider costs (and, for the Kryptosino Program, blockchain and cryptocurrency processing costs — see Section 13.1). The specific rate is not published in this Agreement and is determined by us. We specify which formula applies to your deal separately and may apply different formulas to different Programs, product categories, or player groups.

6.3 When We Pay

We calculate Commission monthly, per Program, and pay by the 15th working day of the following month, provided you have earned at least USD 200 for that Program. We only pay where your balance is positive. Negative monthly balances reset to zero — they do not carry forward, except for player-specific High Roller Negative Carryover under Section 7.5.

6.4 If You Disagree with a Statement

If something looks wrong on your statement, email us within 30 days with the details. We will not consider claims raised after that period. No response within 30 days means you accept the statement.

7. Commission Rules

7.1 Revenue Share

Where we have agreed a revenue share deal, your cut is a percentage of the NGR generated by your New Players. We set and may change the applicable percentage and any tier thresholds.

7.2 CPA

CPA payments are made for New Players who have registered, deposited the required minimum, met any wagering conditions, and passed identity verification. Bonus abusers, duplicates, self-excluders, and players who charge back do not count.

7.3 CPA Single-Deposit Rule

If more than 20% of your New Players in a calendar month make only one deposit, those one-deposit players will not qualify for CPA and will instead be calculated under the default revenue share deal. If the rate of one-deposit players is below 20% for that month, those players may qualify for CPA, provided they meet all other CPA requirements.

7.4 No Negative Carryover

Each month, for each Program, stands alone. If your NGR for a month is negative, we wipe it to zero for the following month — we do not let negative balances accumulate, except for player-specific High Roller Negative Carryover under Section 7.5.

7.5 High Roller Negative Carryover

Despite the general no-negative-carryover rule, if an individual player generates negative NGR of EUR 5,000 or more (or the equivalent in the relevant reporting currency or cryptocurrency), we may carry that player's negative balance forward until it is fully settled. This applies only to that specific player and will not be applied to your other players or your overall account balance.

7.6 Bonus Costs

Player bonuses, free spins, and promotional offers reduce gross revenue before we calculate NGR. We decide which promotions count as deductible.

7.7 Special Treatment for Unusual Players

We may apply different revenue treatment to players who produce outsized, irregular, or commercially unviable results, including ring-fencing their negative revenue or excluding them from your NGR calculation.

7.8 Inactivity

Three months of low or zero activity on a given Program may trigger a Commission review. After six months, we may pause payments and mark your account inactive. At twelve months, we may close the account and release any unclaimed balance.

7.9 Low-Value Traffic

We can reclassify or exclude players or traffic we consider low-quality, non-genuine, or commercially non-viable, and adjust your Commission accordingly.

8. Deal Management

8.1 Your Deal

Your specific deal for each Program is confirmed separately and may include revenue share, CPA, or a blend of both. No deal is permanent and we can update, replace, or end any arrangement at our discretion.

8.2 Audits and Adjustments

We can review and adjust Commission at any time, across any Program. Where we find that payments were based on prohibited or invalid activity, we will reverse or claw them back. There is no time limit on our audit rights.

8.3 Information Requests

We may ask for campaign data, traffic reports, or sub-publisher details at any time. Not supplying this information promptly gives us grounds to suspend payments or terminate the partnership.

9. Keeping Things Confidential

9.1 Everything we share with you about our business, our platforms, and the Programs is confidential. Do not share it with anyone outside your immediate team on a need-to-know basis.

9.2 Confidentiality obligations remain in place after this Agreement ends, with no expiry.

9.3 Any public statement about your involvement in any Program needs our sign-off first.

10. Ending the Partnership

10.1 Notice Period

Either of us can end this Agreement, or your participation in any single Program, by giving 30 days' written notice. We can also end it at any time immediately, with or without cause.

10.2 Immediate Termination

We can end this Agreement, or your participation in any Program, with immediate effect and no notice if you breach these terms, send prohibited traffic, break applicable law, or if the partnership becomes a legal, regulatory, or reputational risk to us.

10.3 What You Must Do When It Ends

On termination of any Program, take down all related materials from your channels immediately, stop using Our IP, and securely delete or return any Confidential Information.

10.4 Commission After Termination

No new Commission accrues after termination of the relevant Program. If we terminate because of your breach, we may also withhold or recover any Commission already owing.

10.5 What Survives

Confidentiality, indemnity, audit rights, Commission clawback rights, limitation of liability, and governing law all continue after termination.

10.6 Governing Law

Costa Rican law applies to this Agreement. Any dispute will be resolved by the courts of Costa Rica.

11. Standard Clauses

11.1 No Guarantees

We make no promises about traffic volumes, player numbers, or Commission levels for any Program. Our platform data is final.

11.2 Your Liability to Us

You must cover any losses, legal costs, or damages we suffer because of your breach, negligence, or unlawful conduct.

11.3 No Waiver

If we do not enforce a right immediately, that does not mean we give it up.

11.4 We Are Not Partners

This is a commercial arrangement. You are not our employee, agent, or business partner in any legal sense.

11.5 Force Majeure

We are not in breach if we cannot perform because of events beyond our reasonable control. If such an event lasts more than 30 days, either party may terminate.

11.6 Assignment

You cannot transfer this Agreement to anyone else without our written consent.

11.7 Severability

If any part of this Agreement is invalid, the rest remains enforceable.

11.8 Language

This Agreement is written in English. If there is a conflict with a translation, English wins.

11.9 Changes

We may update this Agreement at any time. Check the published version regularly.

11.10 Commercial Risk

Joining any Program is a commercial decision you make at your own risk. We do not guarantee any income.

12. Group Structure and Contact

This Agreement is the master framework for all affiliate partnerships operated by Moonseeker SRL. Program-specific dashboards, Tracking Links, creative libraries, and deal terms are managed separately for each Brand, but your standing as a Partner — and our rights and remedies with respect to your conduct — are shared across the group. Questions about this Agreement, or about any specific Program, can be directed to your Program contact or to Moonseeker SRL's affiliate support team.

13. Brand-Specific Supplementary Terms

13.1 Kryptosino — Cryptocurrency Provisions

Because Kryptosino accepts deposits and settles play in Cryptocurrency, your participation in the Kryptosino Program is additionally subject to supplementary terms covering: conversion of NGR to USD (or another designated reporting currency) at the transaction-time exchange rate, with exchange rate risk borne by you; the requirement that a deposit is only recognized once it has received the minimum blockchain confirmations required by our systems; our right to suspend Cryptocurrency functionality and Commission accrual during hard forks, chain splits, or adverse regulatory action affecting a supported Cryptocurrency; exclusion of players who fail or refuse AML/KYC verification; and your acknowledgment of the inherent risks of blockchain technology (network congestion, protocol changes, smart contract vulnerabilities, and regulatory uncertainty), for which we accept no liability. The full Kryptosino

supplementary terms are available on the Kryptosino affiliate dashboard and apply in addition to — not instead of — this Agreement.

13.2 Precedence

Where a conflict arises between this master Agreement and a Program's brand-specific supplementary terms on a matter unique to that Program's technology or offering (such as cryptocurrency handling), the brand-specific supplementary terms govern for that specific matter. On all other matters, this Agreement governs.
